

# Spence Chapin

YOUR JOURNEY. OUR PURPOSE.

Spence-Chapin Services to Families and Children is privately funded non-profit organization serving New York and New Jersey. We have been providing our services to the community for more than a century and have worked with countless hospitals and social service organizations.

## WHO ARE WE SERVING AND WHY?

Spence-Chapin provides adoption and counseling services to women and families experiencing an unplanned pregnancy/birth. Our goal is threefold:

to provide 24/7 access to experienced social workers in underserved communities

to help women explore all their options related to parenting within a supportive and unbiased environment

to prevent children from entering the foster care system

Spence-Chapin offers limited respite care for infants, independent experienced attorneys, and reliable referrals to enable women and families to make considered and informed choices for themselves and their children absent long waiting lists and without involvement of the public system.

Spence-Chapin's birth/expectant parent program is privately funded, and all services provided are free.

## STRATEGIC INITIATIVES

Spence-Chapin is growing our services to underserved areas within New York and New Jersey through engagement, partnership, and community building.

Components of our strategic plan include:

- partnering with key leaders and organizations within communities
- building relationships
- establishing satellite presence
- growing our impact and serving more women, children, and families through counseling and support

## HOW CAN YOU HELP?

Trusted leaders with deep roots in communities can help Spence-Chapin by:

- providing guidance and support in our efforts to build trust and relationships within the communities
- identifying key organizations and community leaders for presentations and education by our staff
- connecting us to key organizations and community leaders to partner with on these initiatives
